

MISSION STATEMENT

The Residency in Primary Eye Care seeks to attract the best-qualified optometric graduates and provide advanced clinical and didactic education in optometry. The program offers a variety of optometric and interdisciplinary care and is designed to foster a life-long commitment to learning. Graduates of this residency program are trained to deliver superlative clinical care, to serve as optometric educators, and to serve the profession of optometry as leaders within the community and health care delivery system.

AREA OF EMPHASIS

Each primary care resident may select an area of emphasis in which to further his/her clinical knowledge. These may include ocular disease (three positions), cornea and contact lenses (two positions), pediatrics and binocular vision (two positions) and geriatrics and low vision (one position). The primary care with emphasis in geriatrics and low vision resident spends approximately 50 percent of his/her clinical time in primary care and 50 percent of his/her clinical time in specialty services related to the chosen area of emphasis. External rotations are also arranged with specialists based on the area of emphasis, with the schedule rotating about every three-to-four months. The amount of clinical time in the area of specialty may vary depending on clinical need or between each rotation.

NOTICE OF ACCREDITATION

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate's, baccalaureate, master's, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Nova Southeastern University.

NONDISCRIMINATION STATEMENT

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, sexual orientation, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

OPTOMETRIC RESIDENCY PROGRAM

Primary Care with Emphasis in Visual Rehabilitation

PRIMARY CARE WITH EMPHASIS IN GERIATRICS AND LOW VISION

The Eye Care Institute, with its wide diversity of patients and clinical facilities, serves a large patient base in both the Primary Care and Geriatrics Services. Low-vision rehabilitation is provided on campus in our Low Vision Service, and off campus at the Lighthouse of Fort Lauderdale. This residency program provides advanced clinical training in primary care optometry, as well as focused exposure to geriatric and low-vision patients. Emphasis is placed on care of specialty populations and those in need of vision rehabilitative services. Experience is gained through a combination of direct patient care and supervision of students. The resident rotates with fellowship-trained ophthalmologists in neuro-ophthalmology and retina, as well as the NOVA glaucoma service and diabetes service to enhance understanding of ocular disease. External clinical rotations in other medical subspecialties are also available to the resident.

CURRICULUM

- supervision of patient care provided by student clinicians
- observation of patient care provided by specialized physicians
- direct patient care
- rotating after-hours patient care
- laboratory teaching
- preparation of a paper of publishable quality
- assistance with the preparation of publishable abstracts
- delivery of lectures and grand rounds presentations

- grand rounds at NSU and Bascom Palmer Eye Institute
- journal review and discussion
- independent study

PREREQUISITES

All candidates will be considered in a fair and impartial manner. The deadline for applications is February 1st. All candidates wishing to be considered must submit or meet the following criteria:

- current curriculum vitae
- three letters of recommendation
- official transcripts from an ACOE-accredited school or college of optometry and a recommended minimum GPA of 2.8 or an average of 82%
- passing score on NBEO Part I to be interviewed and evidence of passing NBEO Part II/TMOD to be placed
- completed application form
- ORMatch application
- submit to a personal interview
- obtained a Doctor of Optometry degree from an ACOE-accredited school or college of optometry
- required to take Part III and be license eligible in Florida or another state to receive a Faculty Certificate
- valid social security number and visa if international prior to beginning program

PROGRAM LENGTH AND SCHEDULE

The Primary Care Residency is a 12.5-month program. The salary is \$38,000 year. The resident is expected to work up to 5.5 days per week. The clinics are open from 8:30 a.m. to 5:00 p.m.

on Monday, Tuesday, Thursday, and Friday. All residents are expected to work for part of the year on Saturday, which is a half day, from 8:00 a.m. to 1:00 p.m. Clinical assignments vary and are determined by the residency director, with assignments rotating every 3-4 months.

BENEFITS

- professional liability insurance for patient care provided at NSU clinical sites.
- health and dental insurance provided commensurate to faculty coverage.
- leave of 5.5 vacation days, 3 personal days, 5 sick days, and 10 professional development days to attend conferences.
- a travel stipend to attend professional conferences and seminars
- business cards and clinic jackets
- residents may enroll in the on line NOVA Masters in Clinical Vision Science with tuition waiver during the year of residency, though student activity fees must still be paid by the resident.

COMPLETION REQUIREMENTS

- receive satisfactory evaluations from residency director
- complete a manuscript of publishable quality
- attend all assigned conferences
- deliver and prepare grand round presentations and lectures
- attend all scheduled clinical assignments
- complete all patient, didactic, and scholarship logs
- attend the minimum number (3) of local society meetings
