

MISSION STATEMENT

The Residency in Primary Eye Care seeks to attract the best-qualified optometric graduates and provide advanced clinical and didactic education in optometry. The program offers a variety of optometric and interdisciplinary care and is designed to foster a life-long commitment to learning. Graduates of this residency program are trained to deliver superlative clinical care, to serve as optometric educators, and to serve the profession of optometry as leaders within the community and health care delivery system.

AREA OF EMPHASIS

Each primary care resident may select an area of emphasis in which to his/her clinical knowledge. These may include ocular disease (three positions), cornea and contact lenses (two positions), pediatrics and binocular vision (two positions), and geriatrics and low vision (one position). The resident spends approximately 50 percent of his/her clinical time in primary care and 50 percent of his/her clinical time in specialty services related to the chosen area of emphasis. External rotations are also arranged with specialists based on the area of emphasis, with the schedule rotating about every three-to-four months. The percentage of clinical time in the area of specialty may vary based on clinical need or between rotations.

Fort Lauderdale, Florida 33328

NOTICE OF ACCREDITATION

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate's, baccalaureate, master's, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Nova Southeastern University.

NONDISCRIMINATION STATEMENT

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, sexual orientation, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

OPTOMETRIC RESIDENCY PROGRAM

Primary Care with Emphasis in Pediatrics and Binocular Vision

PRIMARY CARE WITH EMPHASIS IN PEDIATRICS AND BINOCULAR VISION

The Eye Care Institute, with its wide diversity of patients and clinical facilities, serves a large patient base in both the Primary Care and Pediatrics and Binocular Vision Services. This residency program provides advanced clinical training in primary care optometry, as well focused exposure to pediatric care, binocular vision anomalies, and vision therapy. Emphasis is placed on appropriate diagnosis and management, including refractive disorders, anomalies of accommodation and convergence, strabismus, amblyopia, learning disorders, and special populations. Experience is gained through a combination of direct patient care and supervision of students. The resident also learns to design and employ proper vision-therapy techniques. External clinical rotations in optometric and/or medical sub-specialties are also available to the resident.

CURRICULUM

- supervision of patient care provided by student clinicians
- observation of patient care delivered by specialized physicians
- direct patient care in Resident Clinic
- rotating after-hours patient care
- laboratory teaching
- preparation of a paper of publishable quality
- assistance with the preparation of publishable abstracts
- delivery of lectures and grand rounds
- attending grand rounds at NSU and the Bascom Palmer Eye Institute
- journal review and discussion
- independent study

PREREQUISITES

All candidates will be considered in a fair and impartial manner. The deadline for applications is February 1st. All candidates wishing to be considered must submit or meet the following criteria:

- current curriculum vitae
- three letters of recommendation
- official transcripts from an ACOE-accredited school or college of optometry demonstrating a recommended minimum GPA of 2.8 or an average of 82%
- passing score on NBEO Part I to be interviewed and passing NBEO Part II/ TMOD to be placed
- completed application form
- ORMatch application
- Submit to a personal interview
- obtained a Doctor of Optometry degree from an ACOE-accredited school or college of optometry
- be license-eligible in the state of Florida or have applied for a license in another state and eligible to receive a Faculty Certificate

PROGRAM LENGTH AND WEEKLY SCHEDULE

The Primary Eye Care Residency is a 12.5-month program. The salary is \$38,000 year. The resident is expected to work up to 5.5 days per week. The clinics are open from 8:30 a.m. to 5:00 p.m. on Monday, Tuesday, Thursday, and Friday. There is evening clinic on Wednesday until 8:00 p.m. and residents may be assigned to this clinic for portions of the year. All residents are expected to work for part of the year on Saturday, which is a half day, from 8:00 a.m. to 1:00 p.m.

Clinical assignments vary and are determined by the residency director, with assignments rotating every three-to-four months.

BENEFITS

- professional liability insurance is covered for patient care provided at NSU clinical sites.
- health and dental insurance will be provided commensurate to faculty coverage.
- leave will consist of 5.5 vacation days, 3 personal days, 5 sick days, and 10 professional development days to attend conferences.
- a travel stipend will be provided to attend professional conferences.
- business cards and clinic jackets will be provided for each resident.
- residents may enroll in the on line NOVA Masters in Clinical Vision Science with tuition waiver during the year of residency, though student activity fees must still be paid by the resident.

COMPLETION REQUIREMENTS

- receive satisfactory evaluations from residency director
- complete a manuscript of publishable quality
- attend all assigned conferences
- prepare and deliver grand round presentations and lectures
- attend all scheduled clinical assignments
- complete all patient, didactic, and scholarship logs in a timely manner
- Attend the minimum number (3) of local society meetings.
