

Gregory M. Fecho, O.D.

Dr. Gregory M. Fecho graduated from Nova Southeastern University College of Optometry in 2001. Following graduation, he completed a one-year residency program at Nova Southeastern University in Primary Care with emphasis in pediatrics and binocular vision. Dr. Fecho has since been a full-time faculty member at Nova Southeastern University, where he currently holds the rank of Assistant Professor.

His current research interests include the use and effectiveness of technology in Optometric education as well as research interests in accommodation, binocular vision, and vision therapy. Dr. Fecho is currently course instructor of the Anomalies of Binocular Vision 1 Course and laboratories emphasizing accommodative, ocular motor, and heterophoric conditions, as well as the Optometric Theory and Methods 1 Course and laboratories.

Dr. Fecho also gives many guest lectures' concentrating on case analysis and binocular vision and gives local continuing education lectures on pediatric optometric care. He also has clinical teaching assignments in the primary care and the pediatrics/binocular vision clinics.
