

## **Erin C. Jenewein, OD, MS, FAAO**

Dr. Erin Jenewein earned her Bachelor of Science degree from St. Norbert College in De Pere, WI, in 2003. She then went on to earn a Master of Science in Biology in 2005 from University of Wisconsin, Oshkosh, where her thesis entitled *Rodent Retinal Models of an Inborn Error of Sterol Metabolism* earned her the 2005 Master's Distinguished Thesis Award. Dr. Jenewein graduated with highest honors and professional distinction from Nova Southeastern University College of Optometry in 2009. Following graduation she went on to complete a residency at Nova in Pediatrics and Binocular Vision and was the recipient of the 2009 Dr. Terrance Ingraham Pediatric Optometry Residency Award. In 2010, Dr. Jenewein joined the faculty at NSU College of Optometry and currently holds the rank of Assistant Professor.

Dr. Jenewein's research interests include strabismus and binocular vision disorders. She has presented posters at the Association for Research in Vision and Ophthalmology, American Academy of Optometry, College of Optometrists in Vision Development and SECO International Annual Meetings. Dr. Jenewein received her fellowship from the American Academy of Optometry in 2010, and is currently pursuing her fellowship in the College of Optometrists in Vision Development.

Dr. Jenewein is the Chief of Service of The Eye Care Institute at Kids In Distress. Her teaching responsibilities include clinical preceptor and residency supervisor in the 3rd and 4th year Pediatrics and Primary Care Clinics.
